Enrollment office hours are 8AM–4PM Monday–Thursday and 8AM–3:30PM Friday. Questions: (313) 432-3083

Grosse Pointe Public School System

Our Vision: One GP: where *everyone* learns, every day

Our Mission: Promote Innovation Maximize Potential Embrace Community

Per Board Policy 5111 – updated July 2019

Grosse Pointe Public Schools Early Childhood Enrollment Questionnaire

The following questions are so that we can best understand your child.
Please fill out this questionnaire before your child's screening.

Child's Information

Legal Name _____ Birth Date _____ Sex _____

Home Address _____ Home Phone _____

City _____ State _____ Zip Code _____

A. Is child's **ethnicity** Hispanic or Latino? Yes or No

B. **Race:** American Indian/Alaskan Native Asian White

Black/African American Native Hawaiian/Other Pacific Islander

Both Parts A & B must be completed. We encourage you to select an answer for both parts. If either Part A or B is not answered, the US Department of Education **requires** the school district to supply an answer on your behalf. You may select more than one race designation.

Parent Information

Mother's Name: _____ Phone #: _____

Email Address _____

Father's Name: _____ Phone #: _____

Email Address _____

Family History

Child lives with:

Both Parents Mother Father Mother and Stepfather

Father and Stepmother Legal Guardian Other (please specify) _____

Is the child adopted? Yes No Child's age at adoption _____

Status of parents' marriage:

Married Separated Divorced Widowed Single

Primary language spoken in the home: _____

I/We the parent or legal guardian of the above named student at Grosse Pointe Public Schools hereby delegate to any teacher or administrator of the Grosse Pointe Public School System who has responsibility of supervising him/her, the authority to authorize and consent to any and all emergency medical, surgical, dental or hospital care or treatment while he/she is a student at school and/or on an educational field trip. Such treatment is to be rendered by, or under the supervision of, a licensed physician or dentist. Such teacher or administrator is fully authorized to act in accordance with his/her judgment in any such emergency and is absolved from any liability or financial responsibility to connection therewith. Your signature below indicates that the information on this form is correct. If the school is unable to contact a parent or guardian, we are authorized to release your child to the emergency contact listed. In case of a medical emergency at school, the parent, guardian or designee listed on this form is required to meet and transport the student home. When judged necessary, an EMS may be called and may transport the student to a local hospital. (The local government may charge a fee for ambulance service; **if required in an emergency, you may be charged. Grosse Pointe Public Schools will not be responsible for such charges.**)

SECTION V - DENTAL EXAMINATION AND RECOMMENDATIONS (OPTIONAL)

I have examined _____'s teeth. As a result of this examination, my recommendation for treatment is: _____

child's name

_____ / _____ / _____
Date

_____ *Dentist's Signature*

PHYSICIAN'S SIGNATURE

_____ *Examiner's Signature* _____ / _____ / _____ *Examiner's Name (Print or Type)* _____ Degree or License _____

_____ Number & Street _____ City _____ MI _____ ZIP Code _____ Telephone _____

Information required for:

Early On - Hearing and Vision Status; Diagnosis; Health Status

Child Care Licensing - Physical Exam, Restrictions, Immunizations

Head Start/Early Head Start - Determination that child is up-to-date on a schedule of age-appropriate preventive and primary health care, including medical, dental, and mental health. The schedule must incorporate the well-child care visit required by EPSDT and the latest immunizations schedule recommended by the Centers for Disease Control and Prevention, State, tribal, and local authorities. An EPSDT well-child exam includes height, weight, and blood tests for anemia at regular intervals based on age.

Developed in Cooperation with the Department of Health and Human Services, Education, Michigan American Association of Pediatrics, Early Childhood Investment Corporation, Child Care Licensing, Head Start, Michigan State Medical Society, Michigan Association of Osteopathic Physicians and Surgeons.

Form for Directory Information (to be adapted for use electronically)

The Family Educational Rights and Privacy Act (“FERPA”) requires that the School System annually give public notice to parents and eligible students about student information it considers “directory information.” Under FERPA, directory information about students may be released by the District without parental consent unless the parent has elected not to permit the release of such information. Under Board Policy 8330, the District has designated as “directory information” the following information about students:

- name;
- participation in officially recognized activities and sports;
- height, if a member of an athletic team;
- weight, if a member of an athletic team which requires disclosure to participate;
- grade level, and date of actual or expected graduation;
- awards or honors received;
- photographs;
- videos of students participating in school activities, events or programs; and

If you **do not** want to have directory information about your student made available, please check the box below.

___ I do not want to have any “directory information,” as described above, about my student disclosed.

Permission for Publishing on Grosse Pointe Public School Sponsored Media)

Throughout the year, our students and staff have been highlighted in local newspapers, advertisements of district offerings, school newsletters, our local cable station, and the website. Students often enjoy seeing themselves and their classmates in these. Examples of events where this might occur include concerts, field trips, visits by authors, and fun classroom or family activities.

The district requires that children and parents of minors grant permission - through a signed release - for the school or district to display **students' names, photos, video image, audio recording, or work on district web sites, printed materials, or video pieces. Printed materials include programs for Honors Night, concerts and plays.** If you should change your decision on this while your child is a student in the district, you will be required to file a new copy of this form with the school office.

What **CAN** be published **INTERNALLY** or **EXTERNALLY** when permission is granted:

- Student's first and last name without picture.
- Student's picture or video image without name.
- Student's work with name (no picture).

EXTERNAL publications include press releases, advertisements, and coverage in local papers and television, for school-related activities, including those of the Grosse Pointe Foundation for Public Education.

If you **DO NOT** want publishing permissions for your child, you may have it excluded from release by checking the box below.

Publishing Permission: **I DO NOT GIVE** the Grosse Pointe Public School System permission to use my child's first and last name, photograph, video image, and/or work on press releases and other external communication.

Child's Name: _____

UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache
Pressure in the Head
Nausea/Vomiting
Dizziness

Balance Problems
Double Vision
Blurry Vision
Sensitive to Light

Sensitive to Noise
Sluggishness
Haziness
Fogginess
Grogginess

Poor Concentration
Memory Problems
Confusion
“Feeling Down”

Not “Feeling Right”
Feeling Irritable
Slow Reaction Time
Sleep Problems

WHAT IS A CONCUSSION?

A **concussion is a type of traumatic brain injury** that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out.

You can’t see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

- 1. SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don’t hide it, report it. Ignoring symptoms and trying to “tough it out” often makes it worse.
- 2. KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don’t let the student return to play the day of injury and until a health care professional says it’s okay. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- 3. TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student’s school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Can’t recall events prior to or after a hit or fall
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.
