For parents!

Purpose is to get our students outside, fresh air, explore and learn!

Written prompts are for your guidance only - you may want to add or subtract ideas and things to talk about with your children

This is a great time to continue to go over your safety in the neighborhoods, discussing how important is to wear a helmet, etc.

Have fun, be safe and a friendly reminder to maintain your physical distance as well as wash your hands and take off shoes when coming back into your home
