

Title 1 Parent Survey

A strong home school partnership is very important to the success of our students. Title 1 is designed to provide academic support. The Title 1 teacher, in partnership with the classroom teacher and perhaps the reading specialist, has worked with your child this year to improve academic performance.

While funding for Title 1 is related to the percentage of students enrolled in our free and reduced fee lunch program, the Title 1 support program with Mrs. LaBarge reflects students' needs for academic support, not family finances.

Please help us by answering this survey.

Please read the following statements and respond.

Your input will help us to review our current Title 1 program so we can best meet the needs of our students.

Please circle your response to each of the following items.
