## 2023 SUMMER POINTES PROGRAM

### Background:

- For the past two summers, GPPSS has offered a free enrichment program for students titled Summer Connections Kick Off/Enrichment. This program was grant funded with ESSER dollars and provided interested families a series of four two-week sessions that had an enrichment focus.
- Unfortunately, ESSER funding does not exist to continue to support this program.
- This year, the grant source has changed to 11t grant funds, resulting in a new program with new student eligibility requirements called **Summer Pointes**.
  - Please note that Section 11t funds can **ONLY** be used to directly impact students eligible within the identified subgroups:
    - Economically disadvantaged
    - Students with disabilities
    - Students of color (not identified as Caucasian)
    - English Learners
    - Students experiencing homelessness
    - Migratory students
    - Students in foster care

**Summer Pointes** is an 11T grant-funded program that focuses on literacy and numeracy intervention that consists of:

- Three two-week standalone sessions for K-8 that run **Monday-Thursday** from 8:30-11:30 a.m.
  - Session 1: June 19-29
  - Session 2: July 10-20
  - Session 3: July 24- August 3
- Targeted intervention focusing on literacy and numeracy
- A small instructor-to-student ratio, pending staffing and enrollment
- A focus on learning rather than summative assessments, grades, etc. (exception: HS credit recovery)

### Locations:

- Grades K-4 – Richard Elementary
- Grades 5-8 – Parcels Middle School

### Registration:

- A link and a list of eligible students will be provided to building principals and counselors. Registration via Google Form or FormStack will be available later in the spring. Building principals will provide more information as it becomes available.
