

GPPSS School Age Child Care Program

Crystal Fletcher

Director of School Age Child Care

(313) 432-3009

11/9/20

Dear GPPSS Families;

GPPSS, with direction from the local health department, has decided to pivot to remote learning for 14 days beginning Monday, November 9, 2020. Our all day Kids Club/Mid Club programs at Poupard and Trombly will remain **open**. Our AM/PM Kids Club programs at Defer, Mason and Monteith will be **closed**, however. Space is limited! Our all day programs are open Monday-Friday from 7:30am-4:30pm.

Families that are interested in attending our all day Kids Club/Mid Club option at either Poupard or Trombly must fill do the following:

- Fill out the following form: [Registration Link](#)
- Fill out (in their entirety) all five registration forms found [HERE](#) and email them to fletchc@gpschools.org.

Placement at your preferred building is not guaranteed. We will do our best to place students at their preferred building as space/staffing allows. Should demand exceed our capacity, a lottery will be held. The lottery will take students in the following order:

1. Children of District Staff
2. Children of Essential Workers
3. Children receiving free/reduced lunch
4. The general community.

Families will be notified within one business day if they have a spot in our all day program.

GPPSS staff members and families who currently receive free/reduced lunch in the district can fill out the scholarship application found [HERE](#). The pricing of our all day program is \$56/day/student. Please see our Kids Club/Mid Club [FAQ](#) sheet for more information.

Placement for both buildings will be determined on space availability. We are limiting our classroom size to 10 students per cohort. Please see the Kids Club [FAQ](#) sheet for more information. Our Kids Club/Mid Club team is happy to be able to offer programming to families during this time. We will continue to follow strict protocol for illness while providing a safe environment for staff and students. Kids Club/Mid Club staff are following the Michigan Return to School Roadmap for guidance. I have included a link to our [health policy](#) for viewing.

Please feel free to email me with any questions. Stay safe!

Sincerely,

Crystal Fletcher
