

Summer Programs

Summer 2014 Programs are listed below in alphabetical order. Most programs have rolling admissions and fill up quickly so apply early. Application deadlines, if applicable, are indicated in the program descriptions.

**Programs are posted as material is received in the CRC, so check back often!
All program information is in the College Resource Center.**

Institution/Program	Program Date	Description of Program
4 Star Camps	Varies	Academic enrichment camps for senior and junior high students. One week mini sessions, 2 week and 4 week full sessions, SAT Preparation, weekend excursions and more. They offer four distinctly separate academic enrichment programs to ensure your child has the best opportunity to thrive in their educational endeavors. All of their academic camp participants live and study on the beautiful and historic grounds of the University of Virginia. For more information go to http://www.4starcamps.com/
Academic Study Associates Summerfuel College Admission Prep	Varies by Location of Program	Jumpstart your college admissions process with ASA's highly successful 12 day program. SAT Prep with The Princeton Review, essay writing instruction, one-on-one counseling and admissions workshops with experienced college counselors will give you a complete understanding of the admissions process. Add area college visits and you'll be ready to complete your application! For students completing grades 10 & 11. Go to http://www.summerfuel.com/ for more information or click on the University below you are interested in. http://www.summerfuel.com/cap/uc_berkeley http://www.summerfuel.com/cap/columbia http://www.summerfuel.com/cap/tufts
Academic Study Associates Summerfuel pre-college & cultural immersion programs	Varies by Program	An extraordinary summer experience of learning and fun. From Barcelona to Berkeley, ASA's pre-college and cultural immersion programs balance expert instruction, scheduled activities, travel and freedom to foster greater independence and personal growth. Return home with greater insight into yourself and the world around you. Spaces are limited, so apply soon. For more information and to register go to http://www.asaprograms.com/
Action Quest	No Set Deadline	Incredible Summer Adventures for Teens For over 40 years, AQ has consistently delivered high quality sailing, scuba, marine biology & community service summer adventure camps for teens. Through hands-on learning and adventure travel throughout the world, we have successfully ignited the inherent leadership skills within thousands of young adults. Begin the journey with strangers from across the globe and end your journey with lifelong friends, new skills and abilities. This could be your most memorable summer ever. Whether you are looking for scuba camp, sailing camp or marine biology camp, your adventure starts here. Most students enroll early to ensure a space in the program of their choice yet there is no set application deadline. For more information visit http://www.actionquest.com/all-adventures/

AFS Intercultural Programs USA	Depart July 12	Irish Summer Culture and Community Service Program. Come join us for two weeks in Ireland this summer! Ireland has a rich fascinating history and we'll be learning about it first-hand. From our homebase in the western county of Donegal, we'll take field trips to other parts of Ireland, including Dublin and the counties of Meath, Cavan, Fermanagh, Sligo, and Derry as well as visiting castles and historical sites. For more information and to apply visit http://www.afsusa.org/groups/my-group/mi-ireland/
Alfred University Summer Programs	Varies by Program	Each summer we welcome high school students from all over the country to our safe, beautiful campus to participate in exciting academic institutes and sports camps. These programs provide young people with opportunities to learn more about their fields of interest, to sample life on a college campus, and to meet other students with similar interests and academic ability. Their website www.alfred.edu/summer or http://www.alfred.edu/summer/hs.cfm contains detailed information about all of their programs offered along with brochures and application forms.
Alma College Leadership Academy	July 12– July 18	Are you creative? Artistic? Technically or scientifically savvy? Do you have a passion for educating the public on important issues? Want to create positive change in society? Academy participants work with Alma College faculty and current students to explore issues and ideas that affect our local, state, national and international communities. This year's academy will focus on the importance of water to healthy communities, sustainable development, and quality of life in Michigan and the world. Deadline for applications is May 15, 2015 . If you would like more information or to apply visit http://www.alma.edu/leadacademy
American Collegiate Adventures Summer Programs	Varies by Location	Whether students are stateside enjoying Madison's lakeside appeal or the rich history of D.C., headed overseas to savor the fast-paced charm of London, the old-world atmosphere of Seville or the Renaissance splendor of Florence, or headed down to Central America for an incredible experience in Costa Rica and Panama, every ACA location offers a unique combination of cultural diversions, academic resources, reassuring safety – and great summer weather. ACA provides challenging courses taught by engaging academic professionals – not just “workshops” supervised by our resident counselors. We offer a diverse selection of classes, field trips and special events, ensuring that every student has an enlightening summer. ACA programs in Europe and Central America provide the same structure and security as any ACA programs stateside! ACA's bilingual staff members also live on-site and are dedicated to improving the language skills of each student. For more information and to apply visit http://www.acasummer.com/
American Legion Boys and Girls State Programs	June 14 - 20	A one week program during the summer for young men to learn about government and how it works. This program is open to all male junior students (11 th grade) based on qualifications. There is also a program for female Junior Students to participate in also. Come to the CRC for an application and to see how you can attend for free. For more information visit http://michiganlegion.org/pages/boysstate.html

There is a deadline date of July 1 st . You can obtain an application from the Career Resource Center or online at http://www.michiganlegion.org/student-trooper.html
asse International Student Exchange Programs	Varies by Program	If you're still undecided about making the commitment to spending a school year abroad, ASSE's Summer Homestay or European Summer Language programs offer the perfect solution. You'll get a firsthand experience with another country's culture and way of life, and you'll be able to improve your foreign language skills dramatically! (In some countries we can place you in a family where English is spoken as a second language.) You may choose from a list of countries for a short-term exchange experience during the months of July and August. For more information go to http://www.asse.com/United_States/summer.htm
Babson Summer Study for High School Students	July 7 – Aug 8	Babson's Summer Study provides a living/learning laboratory for students to focus on applying and advancing their knowledge in business and entrepreneurship. In this collaborative community, students will gain the tools and experience first-hand how to impact and reshape organizations, industries, and the world. Each program will introduce students to Babson's way of Entrepreneurial Thought and Action® and provide resources and strategies for students to think about company and world issues through their classes, cases, speakers, and scheduled activities. Click here to learn more about program fees, financial aid and the application process. http://www.babson.edu/admission/visiting-students/high-school/summer-study/Pages/home.aspx Deadline to apply is April15th.
Baldwin Wallace	July 13 – July 17	Experience Honors Summer Program Get a Jump On It...Rising high school juniors and seniors: get a leg up on the college admission process, sample exciting academic subjects and experience the best of campus life! http://www.bw.edu/academics/honors/summer-camp/
Ball State University	July 19 - 21	DesignWorks 2012 The College of Architecture and Planning's DesignWorks is open to high school students of all backgrounds and professional interests. Applicants must have completed their sophomore or junior year of high school and in general must be ranked in the top 20 percent of their high school class and have a grade point average of 3.0 (B) or better on a 4.0 scale. Fascination with architecture and environmental design can start at a very young age—even in grade school, as any kid who likes 3-D puzzles, building toys, or working in the garden will tell you. But where can a student approaching college age have an opportunity to really explore the fields and see how they feel as career possibilities? The 2015 application is available Apply today. . You will also need to submit an official copy of your high school transcript, a nonrefundable application fee of \$35 (if paying by check, payable to Ball State University), and a current passport-size photo. Apply early—this workshop fills up quickly. Learn more and at http://cms.bsu.edu/calendar/events/academics/cap/2015/07/designworks?date=2015-07-25
Banson NYC	Session A: June 22 – 28 Session B: July 13 - 19	NYC Fashion Summer Camps for High School Students... Banson NYC is excited to offer 2 NYC Fashion Summer Camps for high school students in 2014. They are designed for teens entering 9 th through 12 th grades. Boston University Pre-College	Varies, depending upon the program	<p>During this six-week summer high school honors program, students are enrolled in two summer academic courses of their choice, studying alongside Boston University undergraduates and earning up to eight college credits. The High School Honors Program offers more than 100 undergraduate courses in a range of exciting subjects not typically available in high school classrooms—such as medical anthropology, Buddhism, and economics. Students receive guidance in identifying subject areas and courses that are appropriately challenging and applicable to future college work. Financial aid is available for students who demonstrate need.</p> <p>Summer Challenge Program: two-week preview of college life and coursework in a non-credit setting. There is no application deadline; however, students are encouraged to apply early to ensure receiving the session and course selection of their choice. Admissions are made on a rolling basis, and only completed applications are reviewed.</p> <p>For students entering their freshman or sophomore year of high school, the one-week, non-credit, Summer Preview Program offers a choice of two seminars, providing an opportunity to explore an academic interest in depth or investigate a new topic. There is no application deadline. However, students are encouraged to apply early to ensure receiving the course selection of their choice. Admission decisions are made on a rolling basis, and only completed applications are reviewed.</p> <p>The high school summer Research Internship in Science & Engineering Program (RISE) provides an opportunity for academically motivated rising seniors to conduct university-level research in state-of-the-art laboratories, alongside some of the sharpest scientific minds in the country. This competitive, six-week honors program provides full immersion in the laboratory environment. Under the guidance of a Boston University research mentor, high school summer research internship students work on a new or ongoing research project for forty hours a week. The application deadline for the completed application including financial aid materials for the Research Internship in Science and Engineering Program is March 31, 2014.</p> <p>For more information on these programs visit: www.bu.edu/summer/highschool</p>

For more information visit www.oxbridgeprograms.com
Oxford Advanced Studies Program	Two-Week Course July 5 – July 18 July 19 – Aug 1 Four-Week Course July 5 – Aug 1	A varied range of carefully-designed courses is offered in the Arts, Humanities, Social and Natural Sciences, from which students make a selection to suit their interests and requirements. All courses receive equal weighting, and are taught in an engaging and interactive way by expert British university graduates, all specialists in their chosen field. The Oxford Advanced Studies Program is thus a particularly rewarding learning experience and an excellent preparation for the more self-initiated study approach required at a higher level. For more information visit http://www.oasp.ac.uk/summerprogram/course-overview or http://advancedstudiesprogram.com/dates-and-prices/
Oxford Royale Academy	Varies by program	<p>Oxford Royale Academy (ORA) is a British company with a real passion for international education. Each year our team works harder to compile stimulating and rewarding programs for all ages, bringing together outstanding teachers (many of whom teach at Oxford and Cambridge), energetic counselors, brilliant guest speakers and professional support staff. This year, ORA expects to welcome students from all over the world to the historic cities of Oxford and Cambridge, and we hope you can join us. Many of our students come back year after year to either take a new programs or to take a different subject combination.</p> <p>It is important to be clear that Oxford Royale Academy is not part of or otherwise affiliated to the University of Oxford (or the University of Cambridge). Students taking our programs catch a glimpse of what it is like to study "at Oxford", or Cambridge, (via, for example, immersion in the college environment, taking classes with tutors from the University, interaction with University undergraduate students and generally experiencing the Oxbridge student lifestyle). For more information on the programs offered and how to apply visit http://www.oxford-royale.co.uk/</p>
Phillips Exeter	July 5 - Aug 8	Every summer Phillips Exeter Academy welcomes to campus some 700 students for five weeks of academic study, athletics, and exploration that carry participants far beyond the classrooms and the playing fields. Typically, students come to us from more than 40 states, Puerto Rico, Washington, D.C., and several dozen foreign nations. For more information about academic and extracurricular offerings, please visit their website http://www.exeter.edu/summer

Students must be 16 by the start of the academic quarter.</p> <p>To inquire about the program or to apply. Visit them online at https://summercollege.stanford.edu/</p>

Stevens Institute of Technology	Varies by Program	The Stevens Summer features several distinct programs across varied areas of academic interest. All are designed to be project-driven, hands-on programs that give students a real college experience. In every case, our on-campus programs are complemented by site visits to Fortune 500 companies. Students may choose to participate in more than one program during the summer, as long as the program dates do not overlap. Program information and registration can be found at www.stevens.edu/sit/admissions/highschool/pre-collegeprograms.cfm .
Student Conservation Association	Track I June 8 th Track II June 15 th Track III July 13 th Track IV July 27 th	If you are currently in high school, between 15 and 19 and looking for tuition-free summer service opportunities, SCA's National Conservation Crews are for you. There's work to be done in all 50 states -- in parks and forests, on beaches and riverbanks, at fisheries and volcanoes. You could be there, carving trails across tundra, building rock steps up woody slopes, constructing foot bridges over marsh lands... We run crews in three different tracks and they can be 15 to 35 days in length. Go to http://www.thesca.org/ to learn more about the association or http://www.thesca.org/serve/national-crews for more information about the service opportunities.
Summer Discovery	Varies on Program and Location	Our unique partnerships with some of the world's most prestigious universities allow our students unparalleled access to great academics, culture, sports, and residential life. Like UCLA, University of Pennsylvania, Florence, Italy to name a few. Classes are taught by college professors, graduate teaching instructors, top secondary school teachers, artisans and professionals. Most classes are small and interactive, making learning meaningful and fun. For a complete listing of universities and course choices visit http://www.summerdiscovery.com/

Youth For Understanding USA

most leave in mid-June

A Youth For Understanding USA (YFU) study abroad program is an experience that will immerse you in the lives, culture and community of a family in one of 40 countries around the globe. It is an opportunity for US high school students and recent graduates to not only learn a new language, but to experience – in a year, semester or a summer program – what life is really like in another part of the world. Summer programs range from three to eight weeks; most leave in mid-June. <http://www.yfu-usa.org/>
