FORWARDING FOR GM DESIGN: PLEASE DO NOT REPLY TO THIS EMAIL

ART EDUCATORS

Do you have students in Grades 8 -12 with artistic skills and interest?

Do you have a desire to help get them connected to college scholarships and career opportunities?

GM Design is seeking your help identifying 30 students from southeast Michigan to participate in a free, 22-week sketching and sculpture program.

The evening class meets Thursday's October 24, 2013 to April 17, 2014 from 6 - 8 p.m. at 30100 Mound Road (between 12 and 13 Mile). Part of GM's successful "You Make a Difference" (YM@D) community outreach program, students will receive personalized instruction from professional designers and sculptors. This working studio-based curriculum, titled 'The Basics of Car Design', will expand each student's knowledge and skills through the creation of hand-drawn, computer-generated, and clay-based, full-color renderings as well as the creation of a one-fifth scale clay model of their design.

Students will be evaluated in a 2-part electronic registration process that requires:

- 1) Submitting samples of their best artwork to date – the most recent first. From 3 - 6 pieces, with at least one (1) vehicle exterior or interior design. For more information about portfolio preparation are <http://cardesignnews.com/site/designers/portfolios/> and <http://www.coroflot.com/people>
- 2) A paragraph (500 words or less) summarizing their background, creative aspirations and why a career in design or sculpting is of interest to them.

Students are to mail their 10 mg (maximum) **pdf portfolio and paragraph** to the following mailbox: global.creative.design@gm.com

Enrollment is easy but students must act fast. Open registration period is now until October 5.

[Click here to register to attend.](#)

The thirty (30) students accepted into the program will be notified by (phone/email) on/before Friday, October 18.
